

No-Till Transplanter Demo Day

For Vegetable Producers

Wednesday, June 5th, 3:00 PM—5:00 PM

Brookdale Fruit Farm, 41 Broad Street, Hollis, NH

Join us to learn how to adopt a no-till system for vegetable transplants into heavy cover crops. Learn how the implementation of no-till practices can positively effect the health of your soil on your farm. See the brand new Checchi & Magli Transplanter and a No-till Water Wheel and participate in a live demonstration transplanting pumpkins!

*The Transplanter and No-till Water Wheel equipment will be available for interested farmers to use through a rental program.

FREE to attend. **Kindly RSVP by June 4th** by calling Kerry Rickrode at **732-9194** or email kerry.rickrode@nh.nacdnet.net
